

ABDULLAHI IMAM

Full-stack Developer

+234 810 512 8754 | abdalsimam1@gmail.com | [GitHub](#) | [LinkedIn](#) | Abuja, Nigeria

SUMMARY

Junior Full-stack developer with a strong grasp of JavaScript and web development fundamentals in the PERN stack (PostgreSQL, Express.js, React.js, Node.js) seeking a junior/internship full-stack role to gain hands on experience and grow within a professional development team.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript (Learning)

Frameworks & Libraries: React.js, Express.js, Node.js, Bootstrap

Databases & ORMs: PostgreSQL, Prisma

Tools & Technologies: Git, GitHub, Vercel, VSCode, REST APIs

PROJECTS

Furnish Commerce [\[Live\]](#) [\[GitHub\]](#) | React.js, Node.js, PostgreSQL, Prisma

- Built a full-stack e-commerce app with product browsing, cart, checkout, order history and user settings
- Implemented authentication features including signup, login, email verification, password reset, google login and HTTP-only cookies.
- Added protected routes, backend and frontend input validation and basic tests for the authentication flows

Audiophile E-Commerce Website [\[Live\]](#) [\[GitHub\]](#) | React.js, CSS3, Bootstrap

- Built a full e-commerce platform with product pages, cart logic, and order confirmation flow — pixel-perfect across mobile, tablet, and desktop from Figma specs.
- Engineered a fully functional shopping cart using React state, supporting item quantity updates, removal, and live order total calculation without any external library.
- Optimized component rendering and applied CSS custom properties for consistent theming, reducing style redundancy across all products and checkout pages.

Designo Multipage Agency Website [\[Live\]](#) [\[GitHub\]](#) | React.js, React Router, Bootstrap

- Developed a 7 page agency site with dynamic routing, reusable React components, and fully responsive layouts converted directly from Figma designs.
- Structured the project with a scalable folder architecture and shared layout components, enabling fast iteration and consistent styling across all pages.
- Implemented smooth page transitions and scroll-to-top behavior on route changes, improving overall user experience and navigation feel.

EDUCATION

Cairo University

B.Sc., Computers & Information (Information Technology)

Cairo, Egypt

Sept 2021 – Sept 2025
